

**MA in Mathematics Education Module
MA08 - Contemporary Issues**

Assessing Pupil Progress through Teacher Assessment

This module is designed to build on existing Local Authority APP courses and will have the potential to raise standards in mathematics in primary schools by providing the opportunity for a teacher to gain:

- Deeper subject knowledge and enhanced pedagogical skills.
- A thorough understanding of Assessment for Learning and the role of periodic assessment to review and guide learning.
- The skills to select and design rich tasks through which to learn and assess mathematics.
- Strategies to support the in-school moderation and assessment processes.

Who should attend?

A teacher possessing a first degree and QTS status.

Dates and Venues

(Teachers should attend all three days at either Course A or Course B).

Autumn term 2010

Course A – Bognor Regis Campus, University of Chichester

Thursday, 30th September, Thursday, 14th October and Thursday, 18th November 2010

Course B – INTECH Science centre and Planetarium, Morn Hill Winchester

Friday, 1st October, Friday, 15th October and Friday, 19th November 2010

Accreditation

On successful completion of the summative assessment task consisting of a course journal of four thousand words or equivalent, the course participant will gain 20 HE Level 4 points transferrable to other Masters degree courses

Who teaches on the course?

Anne Harvey, Principal Lecturer in Mathematics Education
