# The Turing Grant can provide funding towards your experience!

Email [exchange@chi.ac.uk](mailto:exchange@chi.ac.uk) with any questions!

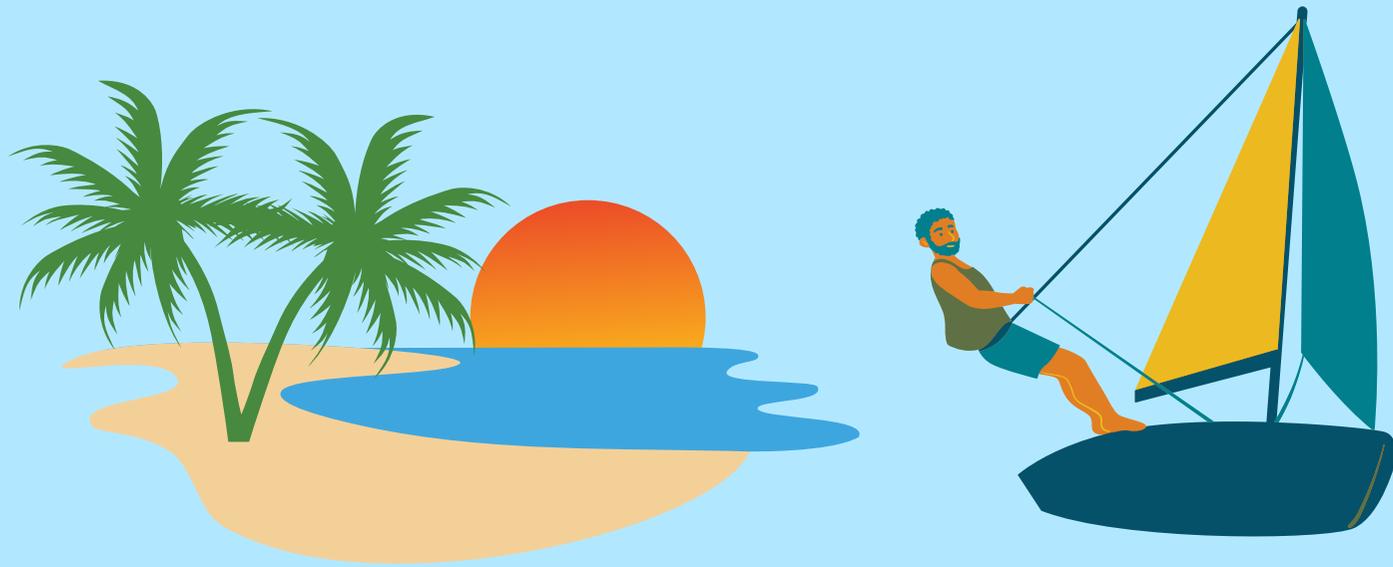

<https://www.chi.ac.uk/study/international/>

*The Turing grant is more a form of partial reimbursement than a scholarship, as payments come after you are abroad due to the scheme's rules*

# Summer Opportunities 2026

## Aki's story

Getting to go to Korea and study in a university as amazing as Dongguk was a dream come true! I met so many incredible people and learned so much about the language and culture. If I could, I'd go to summer school again; it made my whole year!

Our student Aki learns Korean and joined Dongguk's Summer School in 2024. They shared very useful top tips for students going to Korea - read more [here!](#)

# Summer Opportunities 2026

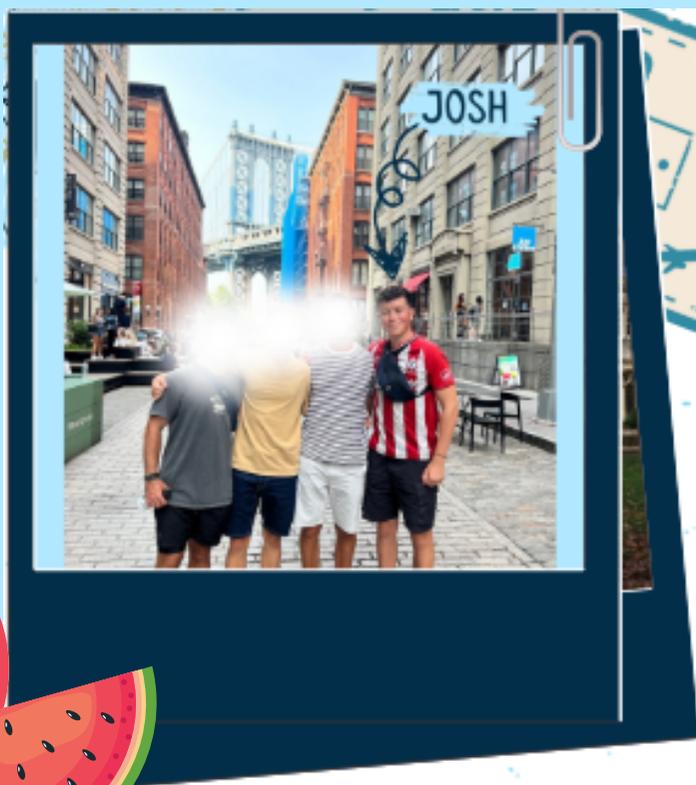

Many students also go abroad to gain teaching and coaching experience, and work for summer camps, for example via [Camp America](#).

Josh's story

My summer at Camp America has taught me so much, through experience gained in a variety of roles, developing skills in different sports, I've been able to learn many valuable lessons whilst spending time in the USA. The Camp offered trips to Water parks, Bowling nights, options to enjoy watching staff football tournaments, and even a trip to see the Yankees amongst many other activities.

# Applying for the grant

If you are going abroad on any programme, whether one listed above or not, contact [exchange@chi.ac.uk](mailto:exchange@chi.ac.uk) to discuss your eligibility for the Turing grant

International students are eligible to the Turing grant too!  
(The only condition is that you must not be going to your habitual country of residence)

## The process

- Once you are sure you will go abroad, head to [ChiCareers](#) and click on the 'pathways' hexagon at the top of the page.

[ChiCareers](#)

- You will then see options to complete a 'work abroad' grant application: there is one pathway for those going abroad as part of a University module and earning credits for it, and a pathway for those going abroad for a placement or summer school undertaken in their own free time.

Complete your pathway

## How is the grant calculated?

- Number of days spent as part of the programme
- Country of destination
- Depending on their life circumstances, some students are eligible for more funding. Read more on our webpage:  
<https://www.chi.ac.uk/study/international/study-abroad-exchange/outbound-exchanges/funding-and-support/>
- Examples of standard rates are: £238 for 2 weeks in Korea, £1,064 for 2 months in the USA
